DEALING WITH DIEDCHIT YARN

yerra with skibs or bumps, loosely helded or piled yours and hally moheir arongers oil can be uncooperative when hings to sew with them. Luckly, there are severed ways to deal with this problem. Substitute a smooth yorn in a matching color for joining the pieces logether, which works best if it is the same thickness as the original year. Filed embroidery floss in a matching color and sew with all the strands, being color and sew with all the strands, being color and sew with all the strands, being color and sew with all the strands, being

stretched. Use sijn sitich croches to juhen pieces, which will make a bue, seam and should be avoided unes working with thin yorn. Another alsonative. If you like the way it looks it jupick up sitches slamp both edges are use the 3-needle bind off to join the loogether. This makes quite a notice oble seam, so use if where it was show or work if on the fight side of the fobior, perhaps in a contrasting ade for decorative effect.
